## **Improvement Action Plan 2024**

## Improvement Action Plan 2024

We continuously work on enhancing ChargePanel's Corporate Social Responsibility (CSR) initiatives to further align with industry best practices, meet stakeholder expectations, and contribute positively to environmental, social, and economic sustainability.

### 1. Environmental Sustainability

The goal is to minimize ChargePanel's environmental footprint and lead the industry in sustainable practices.

#### 1.1 Energy efficiency and renewable energy integration

<b>Action</b>	Audit current energy usage and identify opportunities to improve energy efficiency in operations.
<b>Timeline</b>	6 months
<b>Responsibility</b>	Operations team
<b>Outcome</b>	Reduce energy consumption by 10% and increase the use of renewable energy sources in facilities by 50%.

#### 1.2 Sustainable service development

<b>Action</b>	Integrate sustainability criteria into the service development process, ensuring that all new features and services contribute to environmental goals, where applicable.
<b>Timeline</b>	Ongoing
<b>Responsibility</b>	Service development team
<b>Outcome</b>	All new service and updates meet defined sustainability benchmarks.

## Improvement Action Plan 2024

### 1.3 Annual CO2 savings through ChargePanel's platform

<b>Description</b>	This KPI measures the total annual CO2 savings achieved by ChargePanel's platform, reflecting the Company's impact on reducing carbon emissions through sustainable transportation solutions. The savings are calculated based on the adoption and usage of ChargePanel's technologies and services for managing transportation networks.
<b>Performance:</b>	2023 Performance - CO2 Savings: 3,000 tons of CO2 saved. This reduction in CO2 emissions is equivalent to the amount of CO2 that approximately 123,000 thirty-five-year-old trees would absorb in one year.
<b>Goal:</b>	Maintain or increase the annual CO2 savings, reinforcing ChargePanel's commitment to environmental sustainability and aligning with the company's strategic direction towards sustainable growth.
<b>Timeline</b>	1 year
<b>Responsibility</b>	Operations team
<b>Outcome</b>	Increase CO2 Savings by 100% to 6,000 tons. The CO2 savings should equate to the absorption capacity of 246,000 thirty-five-year-old trees by the end of 2024.

**2023 CO2 Savings:  
3,000 tons of CO2 saved**

**Improvement Action Plan  
2024****2. Social Responsibility**

The goal is to foster a diverse, inclusive, and supportive workplace while positively impacting the communities where ChargePanel operates.

**2.1 Diversity, equity, and Inclusion (DEI) program enhancement**

<b>Action</b>	Review and expand DEI initiatives, including enhanced training programs, mentorship opportunities, and partnerships with diversity-focused organizations.
<b>Timeline</b>	Ongoing
<b>Responsibility</b>	HR, Management team
<b>Outcome</b>	Increase workforce diversity metrics by 15% and achieve higher employee satisfaction in DEI-related surveys.

**2.2 Community engagement**

<b>Action</b>	Support a community engagement program that includes, partnerships with local non-profits, to support the community and encourage sustainability in areas aligned with ChargePanel's mission.
<b>Timeline</b>	1 year
<b>Responsibility</b>	Corporate team, HR
<b>Outcome</b>	Establish at least one long-term community partnership.

**2.3 Employee well-being and development**

<b>Action</b>	Increase new wellness programs, including mental health support, flexible working conditions, and continuous learning opportunities.
<b>Timeline</b>	Ongoing
<b>Responsibility</b>	HR
<b>Outcome</b>	Increase employee retention rates by 10% and improve scores in employee satisfaction surveys.

## Improvement Action Plan 2024

### 3. Ethical Governance and Compliance

The goal is to strengthen ChargePanel's ethical standards and ensure full compliance with all relevant laws and regulations.

#### 3.1 Ethical business practices training

<b>Action</b>	Develop and implement comprehensive training programs focused on ethical business practices, anti-corruption, and compliance.
<b>Timeline</b>	3 months
<b>Responsibility</b>	Legal department, Compliance officer
<b>Outcome</b>	100% employee participation in training, with post-training assessments showing a 90% or higher understanding of the material.

#### 3.2 Strengthening supply chain ethics

<b>Action</b>	Continue to revise supplier agreements to ensure compliance with ChargePanel's ethical standards, focusing on labor practices, environmental impact, and anti-corruption measures.
<b>Timeline</b>	9 months
<b>Responsibility</b>	Legal Department
<b>Outcome</b>	100% of suppliers comply with revised ethical standards.

#### 3.3 Transparency and reporting

<b>Action</b>	Enhance transparency in CSR reporting by adopting international standards (e.g., ISO, GRI, SASB) and regularly publishing detailed reports on progress.
<b>Timeline</b>	1 year
<b>Responsibility</b>	Sustainability officer, Corporate communications
<b>Outcome</b>	Publish bi-annual CSR reports with clear, measurable outcomes and increase stakeholder engagement by 20%.
